

KALAMAZOO LAKE SEWER AND WATER AUTHORITY

Go Paperless. Go Automatic.

Save \$3.00 on Every Bill.

A new billing credit for customers.

Sign up for e-billing + ACH autopay and receive a \$3.00 credit on every monthly bill — that's \$36 back every year.

How It Works

1 Enroll in E-Billing

Get your bill by email instead of in the mailbox — faster, searchable, and always at your fingertips.

2 Enroll in ACH Autopay

Your bill is paid automatically from your bank account on the due date. No checks, no stamps, no late fees.

3 Watch the Credit Appear

A \$3.00 credit shows up right on your bill, every month, for as long as you stay enrolled in both.

Why Enroll?

- ✓ **Never miss a payment.** Autopay means no due dates to remember and no late penalties — ever.
- ✓ **Save money twice.** Keep \$36 a year in credits, plus skip the cost of checks and stamps.
- ✓ **Less paper, less clutter.** Your bill arrives by email the moment it's ready, and past bills are easy to find.
- ✓ **If already enrolled,** you'll get the credit automatically!

Credit applies once per account per monthly billing cycle while enrolled in both e-billing and ACH autopay. Accounts must be current. The credit ends if either enrollment is cancelled and is forfeited for any billing cycle with a returned ACH payment. Already enrolled in both? You'll receive the credit automatically — no action needed.

Ready to Start Saving?

Call or visit our office to enroll or download the enrollment form on our website.
